PROFESSIONAL SUMMARY

Motivated BCA student/fresher with a strong interest in software and web development. Familiar with HTML, CSS, JavaScript, and basic programming concepts. Interested in building websites and applications using modern development tools and AI-assisted development. Quick learner with a willingness to learn new technologies, solve problems, and contribute to a professional software development team.

TECHNICAL SKILLS

Web Development: HTML5, CSS3, JavaScript

AI-Assisted Development: Claude AI, Generative AI tools, AI-assisted coding

Tools: VS Code

PROJECTS

1. Personal Portfolio Website

Technologies: HTML, CSS, JavaScript, Bootstrap

- Designed and developed a responsive personal portfolio website.
- Created sections to showcase profile, skills, projects, education, and contact information.
- Used AI-assisted development to improve website structure, styling, and functionality.
- Tested and modified the generated code to meet the required design and functionality.

Live Demo: <https://aaminashaikh.github.io/Aamina-portfolio/>

2. TODO List Website

Technologies: HTML, CSS, JavaScript

- Designed and developed a responsive To-Do List web application to help users manage daily tasks.
- Implemented features to add new tasks, mark tasks as completed, and delete tasks.
- Used JavaScript DOM manipulation and event handling to make the website interactive.
- Used browser local storage to save tasks after the page is refreshed.
- Tested the application's add, complete, delete, and saved-task features.
